I want to second Jim's comment. Thanks all for the tremendous engagement with all external and divergent voices, and leadership in assessing the difficult technical and legal issues. This is a major milestones that will lead to public health and environmental health outcomes that also drives economic benefits.

Hi Everyone,

On behalf of Dennis McLerran and myself, we would like to take time to thank you and to celebrate with you successfully meeting another critical milestone on the Portland Harbor project. We want to express our appreciation for your over-the-top efforts in making the release of the proposed plan on Wednesday possible. We know that while we have been on an incredibly aggressive schedule, all of you have met the challenge in reaching this milestone to get us closer to the Record of Decision.

Thank you for all of your hard work in preparing the documents, compiling the Administrative Record and coordinating the logistics for the release. This has been a huge team effort. While the road ahead may continue to be tough, we have confidence in the team in making

the ROD by the end of the year.

Thanks again everyone.
